Before

After

The exterior of the Clock Tower Condominiums is now complete, and work is moving into the interior.

The roof has been replaced, siding completed, decking and stairs replaced, new windows and doors installed, new railings installed, and all the old concrete torn out to prepare for new patios.

VOLUNTEER

Welcome Collegiate Challenge volunteers

Throughout the month on March, teams of Collegiate Challenge volunteers will be working on the Clock Tower Condominiums. Volunteers will spend one week working on the construction site alongside regular volunteers, learn about Habitat for Humanity and the issue of affordable housing, and have free time to explore beautiful Colorado.

For more than 25 years, Habitat for Humanity affiliates have hosted the Collegiate Challenge, challenging college students to dedicate their spring break to the issue of affordable housing across the country.
